**Sponsored By:**

**Mr. Paul Fisher and Mr. Iqbal Khan**

## **Introduction**

HDF believes that financial constraints should not be a reason for any child, particularly a talented one to drop out of school or discontinue the education. Education is a basic human right and nothing should limit a student from learning. However, at times, there are factors that lead to kids dropping out, financial limitations being the most critical of them.

HDF THANKS Scholarship is a performance-based scholarship offered to deserving and promising students in Pakistan, to enable them in pursuing their educational goals for their positive contribution towards the socio-economic development of the society. HDF recognizes the potential of students, particularly those who demonstrate excellence, achievement, and promise and helps them to access opportunities they might not have had without this financial assistance. Through the Scholarship program, HDF also seeks to promote a healthy, competitive learning environment amongst the students and instill in them a high degree of confidence.

HDF THANKS Scholarship is endowment-based scholarship and the money is distributed for the scholarship from the income earned from invested amount and the principal is not touched so that the funds can be available for a longer period of time in order to continue the scholarship on a permanent basis. The scholarship has been conceived in a way that it provides opportunity to better-off individuals/families to satisfy their noble intention of giving back to their homeland / parent institution.
